

ZONEiN COLUMBUS

Zone In Columbus is a collaborative effort to update Columbus' 70-year-old zoning code, to create opportunity and encourage investment in our neighborhoods.

Join us for [Undesign the Redline](#) - an interactive exhibit that explores the history of structural racism through urban planning policies that continue to impact our cities today. Tour the exhibit at your nearby community center or join us for a Community Conversation and discuss ways we can promote equitable growth through policies like the zoning code.
